OXFORD PRIDE

About us

Oxford Pride celebrates its 24th festival this year, and once again we will be filling the streets with colour as we march through the city centre towards Leiden Square at Westgate. This year we will be bringing all communities together to celebrate an intimate, community-led pride on the **6th June 2026**, raising up local talent and voices.

We need your support to help us ensure that Oxford Pride is free to attend so that all can celebrate!

The event attracts over 10,000 people throughout the day. Additionally, with over 6,000 followers on Facebook and Instagram, Oxford Pride has a great social media presence that continues to grow. Our reach on Pride Day has exceeded 50,000 people and we have great regular support from local radio and television stations, as well as online and printed media.
