Welcome to Oxford Pride 2026

Oxford Pride is **proud** to welcome you to this year's celebrations.

Our focus for this year is clear: to deliver a Pride that is **sustainable, community-centred, and true to Oxford**.

For 2026, we have intentionally scaled back to protect the long-term future of the event. We're returning to our much-loved home around **Leiden Square, the Castle Quarter & Prison, and Paradise Street**, spaces that have held so many Pride memories over the years. This year is about rebuilding strong foundations, **celebrating local voices**, and ensuring Oxford Pride remains free, accessible, and rooted in community.

Next year marks a major milestone: **our 25th Pride event**. Throughout the coming months, we'll be laying the groundwork to scale back up for 2027, bringing back the larger celebration our community remembers from previous years. This year's Pride is the first step toward that bigger vision.

We are deeply grateful to the partners who make this year possible, including **Vertex**. Thank you for your generous support as a key sponsor.

To **Great Western Railway, Oxford Bus Company, and Stagecoach Oxfordshire**, thank you for keeping our community connected as our transport partners. And to **Oxfordshire County Council**, our Accessibility Sponsor, we appreciate your commitment to making Pride welcoming, **accessible** and inclusive for everyone.

Finally, our gratitude goes to everyone joining us this year, whether you're marching, performing, volunteering, or celebrating with friends. Your presence keeps Pride alive in Oxford. Stay with us over the coming year as we prepare for something **truly special** in 2027.

Once moving, the Parade will pass the Jolly Farmers and at The Castle pub, it will turn left **uphill** on Castle Street. At the Rainbow Crossing, it will then turn right into Bonn Square. At Carfax Tower, it will turn left up Cornmarket Street, and then turn right into Broad Street by Waterstones.

It will then turn right into Catte Street where the Parade will finish at the Radcliffe Camera. The distance of the Parade is approximately 0.6 miles/1 km.

Although the route is mostly flat, the first section on Castle Street is uphill and the area around the finish point at Radcliffe Camera is cobbled.
